**Categories:** [Bariatric Equipment](#), [Bariatric Seating](#), [Pressure Care](#), [Pressure Relief Chairs](#)

### **PRODUCT DESCRIPTION**

Air Chair Deluxe Maxi Electric provides proven relief from pressure, using the AirComfort Seating System (complete surface air with zero gaps in seating surface) to offer a whole workstation for nurses to take care of dependent bariatric patients. Features include adjustable seat, back and leg support, with power assisted tilt of leg rests and backrest (full recline sleep to upright position) to offer a variety of sleeping and sitting positions. Easy to operate, manoeuvre, clean and repair and also comes with a replaceable cover.
