

SKU:

BODYPOINT CHEST SUPPORT STANDARD FRONT PULL STAYFLEX SUPPORT WITH ZIPPER

~~\$369.99~~ \$369.99

Stayflex™ Chest Support gives firm support to users needing trunk control, without sacrificing comfortable shoulder movement. The patented dual-zone elastic construction virtually eliminates shifting upwards at the neckline when the user leans forward, avoiding strangulation risk.

PRODUCT DESCRIPTION

Made of carefully selected materials that provide the optimal balance between stretch and resistance, the Stayflex has raised the bar for chest support:

- Heavy-duty knit nylon and foam rubber padding for strong elastic support
- Quick-release swivel buckles on the lower straps for easy removal
- Superior materials and careful stitching

As always, a pelvic support should be worn with any anterior support product.
