

SKU:

CUTLERY - ANGLED LIGHTWEIGHT

\$29.99

Angled versions of the lightweight foam cutlery range are designed for those with limited wrist or arm movement. The knife can be used without cocking the wrist and the fork and spoon are available as right or left handed versions. The knife blade sits at a 90 degree angle with the fork and spoon using 40 degree angles. Made from stainless steel with closed cell foam handles.

Each sold separately
