## DRESSING CHROMED STEEL SHOEHORN

**\$22.99**

The Dressing Chromed Steel Shoehorn supports safe, independent footwear dressing for people with limited mobility. Its extended handle and slim steel shaft reduce the need to bend while putting on shoes.

### PRODUCT DESCRIPTION

The Dressing Chromed Steel Shoehorn makes shoe dressing easier for those with restricted movement or joint pain. Measuring approximately 59.5 cm in length, the rigid chromed-steel shaft allows the foot to slide into footwear while standing or sitting, without the need to bend or reach down.

Its ergonomic handle provides a secure, non-slip grip, while the slim profile of the shoehorn fits easily into most shoe types. A built-in hanging loop allows for convenient storage and supports hygiene by keeping the shoehorn off surfaces.

The chrome-plated finish resists corrosion and is easy to clean, making it a reliable option for personal or shared use.

### Who it's for

- For clients with limited mobility, hip or back pain, or difficulty bending when dressing.
- For therapists and carers promoting safer, more independent footwear dressing.

### Key features

- **Extended 59.5 cm handle** - reduces need to bend when putting on shoes
- **Chromed-steel shaft** - strong, smooth and easy to clean

- **Ergonomic grip** – enhances comfort and control during use
- **Hanging loop** – supports tidy storage and hygiene in shared environments

## ADDITIONAL INFORMATION
