PRODUCT DESCRIPTION

The Days folding walking stick features a contoured T-handle for a comfortable grip and is available in various eye-catching designs, including floral, blossom, paisley and leopard patterns. The bold colours not only add a touch of personal style but also make the stick easily identifiable.

Constructed from durable yet lightweight aluminium, the stick folds effortlessly, making it ideal for travel or storage when not in use. Its compact form ensures it fits easily into bags or compartments, providing convenience for users on the go.

With a height adjustment range of 84 cm to 94 cm, the stick accommodates users of varying heights, promoting appropriate posture and reducing strain during use. The anti-slip rubber tip enhances stability on different surfaces, ensuring safe and secure mobility.

Who it's for

- For clients with reduced balance, strength or endurance when walking.
- For therapists prescribing walking aids for greater independence.
