## PRODUCT DESCRIPTION

The Hero Medical Comfy Lite Self-Propelled wheelchair is a premium, lightweight and foldable wheelchair designed for everyday use. Its compact design and ergonomic features provide comfort and convenience for users seeking independence and mobility.

The Comfy Lite features an aluminium frame with a matte black finish, ensuring durability without compromising on portability. Its foldable frame and half-folding backrest facilitate easy storage and transport. The wheelchair is equipped with splayed armrests and grooved padded arm pads, enhancing user comfort. The soft padded seat and backrest provide additional support, while the swing-away, removable leg rests aid in safe and easy transfers.

### Who it's for

- For clients seeking a stylish, self-propelled wheelchair with comfort and flexibility.
- For therapists prescribing a compact and ergonomic wheelchair with safety features.

### Key features

- **Lightweight aluminium frame** – supports independent handling
- **Half-folding backrest and folding frame** – simplifies storage and transport
- **Ergonomic arm design with padded supports** – for improved comfort
- **Matte black frame with two-tone covers** – adds modern appeal
- **Swing-away leg rests** – assist safe transfers
- **Quick-release wheels and rear park brakes** – for easy use and safety
- **Telescopic anti-tippers and seatbelt** – enhances rear stability

### Compliance and certification

- Compliant to AS/NZS 3695.1:2011 certification – Strength, Durability, Load, Static, Impact and Fatigue Testing.
