PRODUCT DESCRIPTION

Moulded foam

- The Basic features durable moulded foam providing mild contouring. The pre contoured foam base provides comfort and mild support. This is designed to encourage orthopaedic alignment, increases sitting tolerance and accommodates changing user needs

Moisture resistant cover with non-slip bottom

- A moisture-resistant cover assists with incontinence management by protecting the Basic's foam base from moisture build-up. Its no-slip surface keeps the cushion in place during use and transfers

Common client characteristics

- May be at extremely high risk of skin breakdown
- May not be able to perform independent weight shifts
- May have changing postural needs over time
- May be in a wheelchair for extended periods of time
- May experience weight loss
