ROYALE MEDICAL 8" PREMIUM BARIATRIC SEAT WALKER

~~\$499.99~~ **\$499.99**

The Royale Medical Premium 8" Seat Walker combines lightweight design with enhanced durability for safe, stable mobility indoors and outdoors. Fitted with 8" flat ridged wheels for improved traction, it supports a 200 kg safe working load across low, medium and tall sizes, with 230 kg for the bariatric model. A light-touch handbrake system and enlarged rear frame spacing enhances usability, while the upgraded nylon bag offers concealed storage for personal items.

PRODUCT DESCRIPTION

The Royale Medical 8" Premium Bariatric Seat Walker combines strength with thoughtful design for individuals who require higher support during ambulation. Its reinforced frame accommodates a high safe working load, while the increased space between the rear wheels enhances gait clearance and walking comfort.

The walker includes flat-ridged 8" wheels for improved traction, ergonomic loop handbrakes with a light-touch braking system, and a padded seat and backrest for comfort during breaks.

An upgraded nylon storage bag offers concealed storage capacity, making it ideal for everyday use.

Who it's for

- For clients who need high-capacity walking support and a wider frame for safe, comfortable mobility.
- For therapists prescribing a durable, ergonomically designed walker in bariatric sizing with enhanced features.

Key features
