PRESSURE CARE CUSHION - JAY (ION)

~~\$749.99~~ \$749.99

DUAL-LAYERED FOAM BASE WITH
VARYING FIRMNESS

The Ion wheelchair seat cushion features a dual-layered foam base for a combination of structural support and comfort. For optimized immersion for each individual, the foam's firmness is determined by the cushion width, which directly corresponds with client weight.

VISCO™ MEMORY FOAM TOP LAYER

The top layer of soft, Visco memory foam featured in this wheelchair cushion conforms to each individual and distributes weight over a larger area for pressure reduction and maximum comfort.

INNOVATIVE, DUAL-COVER SYSTEM

For convenience and protection, the JAY Ion features a dual-cover system. The inner cover is water-resistant and easy to wipe off and clean, while its Aqua-guard zipper and anti-wicking thread protect the foam base from fluids. The machine-washable, stretch outer cover reduces surface tension and utilizes naturally anti-microbial, silver-impregnated X-static® fiber. A layer of 3DX spacer fabric promotes airflow and

dissipates heat and moisture for additional skin protection.
