PRODUCT DESCRIPTION

The Pride Mobility LC-101 Euro Leather Lift Chair (Single Motor) is a stylish, single motor model that transitions between seated, reading and lift positions with ease.

The chair's European-style rounded armrests and high-quality euro leather finish create a refined appearance, while its mechanism supports safe transfers. There are four modern colour options to choose from.

Equipped with an intuitive hand control featuring USB charging and battery backup, it's a dependable and attractive lift solution.

Who it's for

- For clients who want a leather lift chair with everyday recline and lift functions.
- For therapists needing a functional yet elegant option for residential environments.

Key features

- **Three-position single motor design** – supports seated, reading and standing positions
- **Elegant euro leather upholstery** – stylish, soft and easy to maintain
- **Rounded armrests** – classic European look
- **Durable internal frame** – built with quality wood and steel
- **Easy-to-use hand control with USB** – easy to operate and charge devices
- **Battery backup** – ensures consistent functionality
- **Side pockets** – for convenient personal storage
