

SKU:

RAISED TOILET SEAT

~~\$69.99~~ \$69.99

The Hero Medical Toilet Seat Raisers are designed to make sitting down and standing up from a toilet easier and more comfortable, especially for individuals who have mobility issues or difficulty bending. It raises the height of the toilet seat, reducing the amount of bending or squatting required, which can be beneficial for people with arthritis, knee or hip problems, back pain, or those recovering from surgery.

Available in two height options (with or without lids)
