## PRODUCT DESCRIPTION

### Key Features

- **Foldable:** Collapsible toilet and shower chair for indoor use
- **Independent:** Thanks to its side wheels, can be moved by the seating person, and offers amazing manoeuvrability, especially in narrow spaces. Suitable for inaccessible toilets and Roll In Showers.
- **Accessible:** Can be used over the top of a regular toilet (49 cm high, 39 cm wide) (19.3 inches high, 15.3 inches wide), making many more restrooms accessible
- **Waterproof:** All product components, including bearings and upholstery, are water-resistant.
- **Portable:** A collapsible and portable wheelchair and commode chair. Optional to buy wheeled travel case for ease of carrying and moving. Case marked with universal wheelchair symbol for transportation by aeroplane. Product weight only 12.6 kg.
- **For You:** Easily adjustable to the height of a range of toilet seats. It takes a moment to fold and unfold by a person sitting in a wheelchair and comes with push up folding arm rest for ease of transfers and improved comfort.
- **Maximum Weight Capacity:** 130 kg
