SUSPENSION AFO ULTRA SMOOTH BOOT

\$299.99

Heelift AFO is a unique product that offers all of the benefits, patients and caretakers have grown to expect from an ankle foot orthosis device. The device also provides excellent quality and stays true to its brand name Heelift. The soft foam of the boot not only protects the leg from exasperation and friction but also averts injury to the opposite leg. The intense blend of added protection and the ability to modify the product surpasses Heelift AFO from any other product in the industry.
