	S2439	\$2,599.99		Single

## PRODUCT DESCRIPTION

The Topform Ashley Lift Chair is a luxurious recliner chair with a Tasmanian Oak frame and four optional castors.

Full length, fully padded and upholstered armrests and available in a standard range of fabrics, non-standard fabrics at an additional cost. A two year frame, motor, transformer and hand control warranty and 12 month springs and component warranty are standard across the Topform Lift Chair range.

The lifting mechanism has been specifically designed to assist those who need help to get out of the chair with ease and without any body strain. Available as a single motor or twin motor lift chair.

### **Single vs twin vs quad motor lift chairs - what's the difference?**

All ILS lift chairs have a lifting action, to support the user to stand from a seated position.

- Single motor chairs move the back rest and leg rest at the same time.
- Twin motor chairs allow the backrest and leg rest to move independently of each other, typically allowing for a greater degree of leg elevation and greater degree of recline compared to a standard single motor chair.
- Quad motor chairs allow independent movement of headrest, lumbar, backrest and footrest allowing for the greatest level of re-positioning of all chairs.
