

The ergonomically designed Pegasus METRO has been designed from the ground up to focus on key aspects important to both new and seasoned scooter users. As a result, it is equipped with numerous features to ensure users experience a safe, easy and enjoyable ride.

## **Pegasus Metro**

The suspension system on the compact Pegasus METRO has been designed to navigate a variety of everyday surfaces and terrains, allowing you to relax and enjoy a controlled, sturdy drive in comfort.

In addition to a unique lighting system, the Pegasus METRO is equipped with an electronic speed reduction feature that automatically reduces speed around bends, ensuring safe, comfortable manoeuvres at all times. Furthermore, a two-step disengaging lever prevents the scooter from free-wheeling if it is knocked out of drive mode.

Electronics and the motor are protected from corrosion and water which safeguard the vital workings of the scooter against dirt preventing any unnecessary malfunctions.

## **Features**

Users can easily adjust the tiller with a lever to suit their needs.

makes for easier, more responsive control.

Ensures immediate braking if required.

Clear, bright brake lighting warns people that the scooter is slowing down.

Dashboard configuration.
