HeliQ

HUMAN CARE
Your Life. Your Way.

**Stationary Lift
Power Traverse
In-Rail Charge**

Our HeliQ lift is a modern, discreet stationary lift that can be installed in a rail system or freestanding gantry system. It is a solution suitable for both acute care facilities, nursing homes or home care environments.

Contemporary Design

The HeliQ stationary overhead lift features a modern, discreet look that easily fits into any environment. Its small size ensures ease of use in either institutional or home care applications. The lift comes in three different models with three different weight capacities. It allows optimal patient comfort with 2-point or 4-point hanger bars in different lengths to suit virually any patient.

Lift Intelligence

The HeliQ features an advanced technology platform that allows tracking of lift usage and visualization of collected data. This integrated lift intelligence allows data to be retrieved using our Data and Service Application on a tablet or computer. Detailed information can be viewed directly in the application or exported to other media for additional analysis.

Power Traverse and In-Rail Charging

The HeliQ lifts have an option to be connected to a power traverse, enabling lateral motorized movement, including the possibility of passing curtain gaps in rails. The HeliQ power traverse has dual speed, high water protection (IPX4) and a 300kg/661lb safe working load. The HeliQ can also work with in-rail charging, allowing the lift to be ready for use at all times.

Accessories

Hanger bar
Three widths. Order separately. Part no.:
72754 (35cm/13.8")
72755 (45cm/17.7")
72757 (60cm/23.6")

Powered spreader bar
For use with clip slings in hospital or other care environments. Part no.:
Small 92441*, Medium 92442, Large 92443

Handset
Input for charging and USB interface. IPX5 water protection rating.
Part no.: 71458 (71459 for Power Traverse lift)

Upholstered Cover
Protects user from hanger bar impact. Hanger bar sold separately.
Part no. 50866

Lift charger
Charger with holder. Easily attaches to wall.
Part no. 50899-US

Gates and Turntables
Offering additional lift transfer options on rails. Part no. 55721 (Gate), 91884 (Turntable)

4-point suspension
Enables 4-point lifting.
Part no.: 92938

Distance Strap
Reinforced nylon thread and metal hooks. Extend lift strap up to 100cm/39.3". Part no. 20124-xx (specify length)

Secondary Control
Secondary control panel on back of lift for emergency stop function. Integrated feature.

Power traverse
Enables lateral motorized movement. Order with lift.

Scale
Medical grade scale. Max. capacity 320kg/705.5lb. ISO and EN compliant. Art. no: 50590 (RoomerS & Altair) 50591 (Heliq)

Insights
Lift intelligence that facilitates cloud based storage of collected data. Integrated feature.

*Spreader Bar Small: 92441 is manual.
