

Touch Lamp

Increase safety around the home with our simple touch lamp. Simply touch the base of the lamp to turn on and off.

The light is constructed from robust shatter proof materials with a modern, stylish square design.

Lamp includes a 9 watt energy saver bulb that lasts up to six times longer and provides an 80% energy saving over standard incandescent bulbs.

Save energy with sustainable products, reduce your energy bill and carbon (CO₂) emissions.

Delivered fully assembled, ready to plug into a regular 240 volt socket.
